

A BILL FOR AN ORDINANCE

RELATING TO AUTOMATED EXTERNAL DEFIBRILLATORS.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. Purpose. The purpose of this ordinance is to promote public health, safety, and welfare by enhancing access to automated external defibrillators.

SECTION 2. Chapter 13, Revised Ordinances of Honolulu 1990 ("Public Transit"), is amended by adding a new article to be appropriately designated by the Revisor of Ordinances and to read as follows:

"Article __. Automated External Defibrillators

Sec. 13-__.1 Definitions.

"Automated External Defibrillator" means a portable electronic device, approved by the United States Food and Drug Administration, that is capable of diagnosing cardiac arrhythmias and that uses defibrillation to reestablish an effective cardiac rhythm.

"Rail car" means any vehicle or rolling stock designed and used for carrying passengers in revenue service on a fixed rail guideway system operated by the city.

"Revenue service" means a rail car that is operating, available to carry passengers, and providing public transportation. Revenue service excludes non-public transportation activities such as maintenance, testing, or certification. Rail cars operated in fare-free service are considered in revenue service.

Sec. 13-__.2 Requirement to provide automated external defibrillators.

Every rail car in revenue service, as defined in this article, must have installed and maintained therein automated external defibrillators in accordance with the requirements of this article. At least one automated external defibrillator that is accessible to employees and the public, as applicable, must be placed in each rail car in revenue service. Appropriate signage must be posted to indicate the location of the automated external defibrillators.

Sec. 13-__.3 Administering agency.

The department of transportation services or another city agency designated by the mayor shall administer the provisions of this article.
