(11) Reporting. Beginning January 1, 2023, the Police Department and Department of Human Services shall each provide a quarterly report to City Council on their implementation of this Chapter. The Police Department shall report the aggregate number of minors who violate curfew; their demographic information, including but not limited to age, race, and gender; the police district where the violation occurred; where the minor was taken; and if a parent or guardian was reached. The Department of Human Services shall report, for each community evening resource center, the aggregate number of minors served; their demographic information, including but not limited to age, race, and gender; and if the minor was brought in by police. If any category reported includes fewer than ten (10) minors, the department may so indicate if it determines that reporting the specific number of minors risks reidentifying one or more minors.

The first report shall include the information set forth above for the time period of July 1, 2022 through December 31, 2022. Thereafter reports shall include information for the three months directly preceding the date the report is submitted to Council.
