

ORDINANCE NO. 10060 (N.S)

AN ORDINANCE AMENDING THE SAN DIEGO COUNTY CODE TO ADD TITLE 2, DIVISION 1, CHAPTER 25 ADOPTING REGULATIONS RELATING TO MEDICAL MARIJUANA COLLECTIVE FACILITIES

The Board of Supervisors of the County of San Diego, State of California, ordains as follows:

Section 1.

Title 2, Division 1 of the San Diego County Code is amended to add Chapter 25, as follows:

CHAPTER 25: MEDICAL MARIJUANA

Section 21.2501. Legislative Findings And Intent

(a) On November 5, 1996, California voters approved Proposition 215, The Compassionate Use Act of 1996 (“CUA”), which decriminalized the cultivation and use of marijuana by seriously ill individuals upon a physician’s recommendation. and recognized a qualified right to the collective and cooperative cultivation of medical marijuana. The CUA’s purposes are to “ensure that seriously ill Californians have the right to obtain and use marijuana for medical purposes where that medical use is deemed appropriate and has been recommended by a physician who has determined that the person’s health would benefit from the use of marijuana” and to “ensure that patients and their primary caregivers who obtain and use marijuana for medical purposes upon the recommendation of a physician are not subject to criminal prosecution or sanction.” However, nothing in the CUA “shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, nor to condone the diversion of marijuana for nonmedical purposes.”

(b) On January 1, 2004, Senate Bill 420, the Medical Marijuana Program Act (“MMPA”), H&S §§ 11362.7 – 11362.83, became law. The MMPA requires the California Department of Public Health to establish and maintain a voluntary registration and identification card program, sets possession guidelines and recognizes a qualified right to the collective and cooperative cultivation of medical marijuana. The MMPA allows cities and counties to adopt and enforce rules consistent with the MMPA. In August 2008, the California Attorney General published “Guidelines For The Security And Non-Diversion Of Marijuana Grown For Medical Use.” That document provides counties and cities with California

Department of Justice guidance on the laws governing medical marijuana and preventing diversion of marijuana to illegal non-medical purposes and illicit markets.

(c) The CUA and MMPA contemplate a closed circuit of cultivation, expense-sharing and consumption by qualified patients and primary caregivers with no sales or purchases involving persons outside the collective or cooperative organization.

(d) In many communities in which so-called medical marijuana “dispensaries” have been established, law enforcement agencies have documented the serious and adverse impacts associated with such dispensaries. These communities and the media have reported increased crime, including burglaries, robberies, violence, illegal sales of marijuana to and use of marijuana by minors and others without medical need in the areas immediately surrounding such medical marijuana dispensaries. Other negative secondary effects include the smoking of marijuana in public areas and adverse impacts on neighboring businesses (including odor complaints). The County of San Diego could reasonably anticipate experiencing similar adverse impacts and effects from any marijuana dispensaries established in the unincorporated county.

(e) In July 2009, the County of San Diego implemented a Medical Marijuana Identification Card program through its Health and Human Services Agency and in compliance with the requirements of the MMPA. Section 252 of the San Diego County Administrative Code became effective August 20, 2009, establishing the fees for obtaining a Medical Marijuana Identification Card from the County of San Diego.

(f) Additionally, a number of sources, including the United States Department of Justice’s California Medical Marijuana website [which contains various documents and reports related to issues surrounding marijuana use (<http://www.usdoj.gov/dea/ongoing/legalization.html>)] and the “White Paper on Marijuana Dispensaries” published by the California Police Chiefs Association’s Task Force on Marijuana Dispensaries (April 22, 2009), have concluded that the establishment of marijuana dispensaries can lead to an increase in crime. Among the crimes cited as typical examples are burglaries, robberies, sales of illegal drugs in the areas immediately surrounding such dispensaries, as well as other public nuisances such as loitering, smoking marijuana in public places, sales to minors and driving while under the influence of marijuana. The Board of Supervisors finds that these data and conclusions justify the implementation of the regulatory and safety measures included in this ordinance.

(g) It is intent of the Board of Supervisors to protect the citizens of the County of San Diego and promote their general welfare and safety by ensuring that marijuana is not diverted for illegal purposes or to illicit markets. It is the Board's further intent that medical marijuana be limited to authorized legal use by San Diego County residents who are qualified patients as defined by State law and who suffer from one or more of the following serious medical conditions: AIDS; anorexia; arthritis; cachexia; cancer; chronic pain; glaucoma; migraine; seizures; severe nausea; persistent muscle spasms; any other chronic or persistent medical condition that either limits their ability to conduct one or more major life activity as defined by the American Disability Act of 1990 or may cause harm if not alleviated. It is the further intent of the Board to ensure that only qualified medical marijuana patients and primary caregivers, as defined by State law, associate within the County in order to collectively or cooperatively cultivate marijuana for medical purposes. This Chapter is not intended to apply to personal, individual cultivation and use for legitimate medical purposes as contemplated by the CUA and the MMPA.
