AN ORDINANCE AMENDING PORTIONS OF THE SAN DIEGO COUNTY CODE

FOR THE DEPARTMENT OF ENVIRONMENTAL HEALTH FOR FISCAL
YEAR 2010-2011

The Board of Supervisors of the County of San Diego ordains as follows:

Section 1. Purpose. The San Diego County Department of Environmental Health is the state-designated Local Enforcement Agency for several state law-based programs in San Diego County, including, but not limited to programs regulating aspects of food safety, housing, recreational health, drinking water, septic systems, solid waste disposal, hazardous waste and hazardous materials management. State law provides for the recovery of the reasonable costs of these programs through fees imposed on the regulated community. San Diego County Board of Supervisors' Policy B-29 requires the Department to strive to obtain full cost recovery for these programs through these fees. Accordingly, the Board of Supervisors authorizes the Department of Environmental Health to adjust its fees for Fiscal Year 2010-2011 such that the Department achieves full cost recovery for services rendered to industry pursuant to Board Policy B-29. The appropriate sections of the San Diego County Code of Regulatory Ordinances shall be amended to reflect the fee adjustments for the Department of Environmental Health for Fiscal Year 2010-11. The provisions of this ordinance shall be operative on September 1, 2010

Section 2. Section 65.105 of the San Diego County Code is hereby amended to read as follows:

B. In any case where a fee is delinquent, an initial delinquent fee of fifty dollars (\$50) or an amount equal to 50% of the fee, whichever is less, shall be added to and collected with the required fee.

C. In any case where a fee is delinquent, and the annual permit fee or invoiced fee and the initial delinquent fee are not paid on or before the last day of the month following the annual permit expiration date, or for invoiced fees other than annual permits, thirty (30) days from the invoice date, an additional delinquent fee of one hundred (\$100) or an amount equal to 100% of the fee, for a total delinquent fee of one hundred-fifty dollars

(\$150) or 150% of the fee, whichever is less, will be added to and collected with the required fee.

D. The imposition of or payment of the delinquent fee imposed by this section shall not prevent the imposition of any penalty prescribed by this code or any ordinance nor prosecution for violation of this code or any ordinance.

E. The delinquent fee may be waived by the Director of the Department of Environmental Health in case of error made by Department of Environmental Health staff, in case of circumstances beyond the control of the applicant, or when the applicant has not held an environmental health permit during the past five years, and was unaware that an environmental health permit was required.
