

ORDINANCE NO.: 10528 (New Series)

**AN ORDINANCE AMENDING PORTIONS OF THE ADMINISTRATIVE CODE
RELATING TO FEES AND DEPOSITS FOR THE DEPARTMENTS OF PLANNING &
DEVELOPMENT SERVICES, PUBLIC WORKS, AND PARKS AND RECREATION**

The Board of Supervisors of the County of San Diego ordains as follows:

Section 1. The Board of Supervisors finds and determines that it is necessary to amend the Administrative Code pertaining to fees and deposits for land development related projects in the Departments of Planning & Development Services, Public Works, and Parks and Recreation. The amendments made by this ordinance are intended to adjust the fees and deposits charged for County review of land development projects to ensure full cost recovery in accordance with Board Policy B-29, simplify the land development fee ordinance, and to ensure fees and deposits are in place to reimburse the County for costs incurred to perform services.

Section 2. Sections 362 through 362.3 of the Administrative Code are hereby amended to read as follows:

SEC. 362. LAND DEVELOPMENT FEES AND DEPOSITS.

(a) FEES AND DEPOSITS

The fees, deposits and hourly rate charges that pertain to land development permits and approvals from the Departments of Planning & Development Services, Public Works, Parks and Recreation and San Diego County Fire Authority are located in the following Administrative Code sections:

Planning & Development Services - Section [362.1](#)

Public Works - Section [362.2](#)

Parks and Recreation - Section [362.3](#)

General Services - Section [362.4](#)

San Diego County Fire Authority - Section [362.5](#)

(b) PROVISIONS

This section contains provisions for the fees, deposits and labor charges that are common to the Departments of Planning & Development Services, Public Works, and Parks and Recreation; and that pertain to land development.

1. **STANDARD HOURLY RATES.** All fees, deposits and labor charges shall be calculated and will be charged using the standard hourly rates set forth in Sections [362.1](#), [362.2](#), and [362.3](#) or as are otherwise approved by the Board of Supervisors. County personnel may bill at a Board

of Supervisors approved rate to any fee or deposit account established for a project, whether or not the personnel work for the department managing the account.

2. FEES AND DEPOSITS. All fees and deposits shall be paid in the amounts set forth in subsection (a) of Sections 362.1, 362.2, and 362.3.

3. PRE-APPLICATION DEPOSITS. Upon request, pre-application review of projects may be requested by an applicant to identify any significant issues or concerns that the applicant may want to consider before filing a formal application. The deposit collected is intended to cover County costs for the review and pre-application meeting with the applicant. Pre-application consultation shall be mandatory for all privately initiated projects under the jurisdiction of the Planning Commission or Board of Supervisors, unless waived by the processing department.

4. INTAKE DEPOSIT. An initial intake deposit shall be paid at the time of application submittal. The intake deposit shall be collected to recover actual costs related to project intake, preliminary case review, site/field visit, and all costs related to initial project analysis.

5. ESTIMATED DEPOSIT. Upon completion of initial project analysis, the applicant and project manager will discuss the scope of the project and calculate an estimated deposit(s). The estimated deposit(s) shall be calculated based on factors identified during the initial project analysis, established processing time standards, standard hourly rates and key milestones.

Estimated deposits shall be paid in advance of services performed. Estimated deposits are collected to recover actual project processing costs by key milestones and shall be paid prior to the completion of said milestones. The County may discontinue processing the requested permit and/or recommend denial of the project based on the applicant's refusal to pay the estimated deposit and all actual processing costs that may not have been included in the estimate.

6. SUBSEQUENT DEPOSITS. Unanticipated factors arising during project processing, such as, but not limited to, complexity, controversy or environmental issues which require additional project review will be conveyed to the applicant as soon as they are known. If it is determined that the deposit is insufficient to recover actual costs, the project manager will scope the work remaining on the project and calculate an additional subsequent deposit. The County may discontinue processing the requested permit and/or recommend denial of the project based on the applicant's refusal to pay the estimated deposit and all actual processing costs that may not have been included in the estimate.

7. REFUNDS. The County shall not authorize the refund of any fee paid except upon receipt of a written request by the original applicant, received not later than one year after the date of fee payment. Where a refund of a fee is requested, the amount shall be based upon work completed on standard project tasks and milestones by case type. Fee refunds of \$25,000 or more must be approved by the Board of Supervisors prior to payment. Fees which are erroneously collected may be refunded without Board of Supervisors approval, regardless of amount and without the requirement that an application be submitted for the refund. Except for fees that are erroneously collected, no part of any issuance fee collected pursuant to Division 1 of Title 7 of the County Code shall be refunded.

At the completion of all tasks associated with an application for which a deposit is required and after all final documents and review are completed, the difference between the deposited amount and the actual cost shall be refunded to the applicant within 180 days.

An applicant who has paid the applicable application fee(s) and deposit(s) may withdraw the application by submitting a written request to the County. The County shall discontinue work on such application within one working day from the receipt of said request, except that the County may continue to process an application involving the violation of a County ordinance. Any unused fee(s) and deposit(s) remaining upon the withdrawal of the application shall be refunded in accordance with this section.

Final permits, documents and approvals shall not be issued until all fees and deposits are paid in full.

Notwithstanding any other provision of this section, when the applicant is owed a refund but is in deficit on a separate deposit account(s) at any County department within the Land Use and Environment Group, the refund may be applied by the County to the deposit account(s) in deficit as an offset, unless a different disposition of the refund is required by state law.

8. VIOLATIONS. When a violation of any County ordinance includes or results from the failure to obtain a required permit, the following requirements shall apply:

Administrative Permits: The standard fee or deposit for obtaining the permit required to correct the violation shall be collected. A violation fee in the amount of \$500 shall also be collected.

All other deposit cases subject to a violation fee (as indicated by a V): The standard deposit for obtaining the permit required to correct the violation shall be collected. A violation fee shall also be collected in the amount of the standard deposit, not to exceed \$1,000.

All other fee cases subject to a violation fee (as indicated by a V): The standard fee for obtaining the permit required to correct the violation shall be collected. A violation fee shall also be collected in the amount of the same standard fee amount, not to exceed \$1,000.

In all cases, the additional violation fee amount shall be treated as a non-refundable fee, even if the initial amount is a deposit.

9. CHARGES FOR TECHNICAL REPORTS: Information, circulars, reports of technical work, and other reports prepared by the County, when supplied to other government agencies, individuals or groups requesting copies of same, may be charged for by the County in a sum not to exceed the cost of publication and distribution of such documents.

10. FEE WAIVER FOR STRUCTURES DAMAGED OR DESTROYED BY NATURAL DISASTER. Notwithstanding the fees and deposits otherwise specified, the fees or deposits may be waived for an applicant who is rebuilding legally built structures which have been damaged or destroyed by a wildfire or other natural disaster and which are located within the boundaries of a geographic area which has been declared by resolution of the Board of Supervisors to be eligible for this fee or deposit waiver. The fee or deposit waiver shall not apply to any portion of a new structure which exceeds the square footage of the structure which is being replaced.

(c) PAYMENT OF FISH AND GAME FEES

These provisions shall apply to all projects processed by the County of San Diego for which California Department of Fish and Game fees are payable under the requirements of California Fish and Game Code Section 711.4.

Upon the receipt of a completed application and payment of all required application fees, the County of San Diego shall process said projects to the point of review where an Environmental Impact Report or a Negative Declaration has been prepared which has been advertised for public review under the requirements of the California Environmental Quality Act and is ready for a project decision and/or hearing. At that time, the County shall delay its processing of the project application and provide written notice to the project applicant of the Department of Fish and Game fees and any County handling fees, which are due and payable under California Fish and Game Code Section 711.4. Said fees shall be paid in full by the applicant in the manner set forth below. Said notice shall indicate that the Environmental Impact Report or the Negative Declaration will not be certified or adopted and the project will not go forward for a hearing and/or decision until said fees are paid.

The project applicant shall pay the specified fees in full and provide a copy of the cashier receipt to the department processing the application. Payment shall be by certified check payable to "County of San Diego" and submitted to the cashier at the Department of Planning & Development Services or the Office of the County Clerk. County initiated projects are not required to pay by certified check and can use transfer of funds or other means as payment. When the payment of said Fish and Game fees and any County handling fees is made, and a copy of the cashier receipt is provided by the applicant to the department processing the application, the Environmental Impact Report or the Negative Declaration may proceed to hearing and/or decision.

If the payment of said Fish and Game fees and any County handling fees is not made, and a copy of the cashier receipt is not provided by the applicant to the department processing the application, the Environmental Impact Report or the Negative Declaration shall not proceed to hearing and/or decision and the County of San Diego may, at the discretion of the department processing the application, bring the project to the decision maker with a recommendation for denial if the County is unable to approve the project within the time periods set forth in the Permit Streamlining Act (Government Code Sec. 65920 et seq.).

(d) SANTA FE VALLEY SPECIFIC PLAN FEES

This subsection establishes a Specific Plan fee for each subarea within the Santa Fe Valley Specific Plan pursuant to Government Code Section 65456. The Specific Plan fee for each subarea, as set forth in the table below, shall be paid in full to the Department of Planning & Development Services prior to the approval of any final map or parcel map in the applicable subarea.

The Director of Planning & Development Services shall use any fees collected under this subsection to reimburse BalcorFe Valley Venture (or its successor or assigns) for its costs in funding the preparation, adoption, and administration of the Specific Plan beyond the relative benefit it derived from the Specific Plan adoption. Notwithstanding any other provision in this subsection, BalcorFe Valley Venture (or its successor or assigns) shall not be required to pay the Specific Plan fee specified in the table below for any of the subareas in Area II, as said property

owner has already contributed funding which exceeds its relative benefit derived from the Specific Plan adoption.

The minimum fee will be charged for each unique floor plan in the phase regardless of the total number of dwelling units in the phase. If more than two hours is required to intake and review each unique floor plan, the time in excess of two hours will be charged at the Time and Material Rate described in subsection (e). Minor, nonstructural changes to Master Plans are acceptable, however, all additional staff time spent processing any plan changes will be added to the plan review fee.

Natural Resource Conservation The project shall incorporate straw bale construction for all exterior walls or use recycled content in the building system. To be eligible for the fee reduction by using recycled content, the applicant must demonstrate, to the satisfaction of the Building Official, that 20% or more of the primary materials being used in the building system contain 20% or more post-consumer recycled content. Any reused materials will be found to satisfy the 20% post-consumer recycled content requirement. A fee reduction may also be approved when the applicant demonstrates, to the satisfaction of the Building Official, that at least one primary building material (e.g. roofing material) is 50% or more post-consumer recycled content.

Water Conservation The project shall include the installation of a graywater system. A permit is required from the Department of Environmental Health for the graywater system in addition to the building permit issued by the Department of Planning & Development Services.

5. EXPEDITED PLAN REVIEW. When requested by the applicant and approved by the Building Official, staff may use overtime to expedite a plan review. An additional fee shall be charged for this service. The fee amount shall be determined using the time and material labor rate multiplied by the amount of time staff spends on expedited plan review.

6. INSPECTIONS OUTSIDE OF NORMAL BUSINESS HOURS. When the Building Official approves inspections outside of normal business hours, the fee shall be charged hourly at the rate of one and one-half times the standard time and material labor rate described in subsection (e) of this section. The minimum time charged shall be two hours.

7. REFUNDS. The Department shall discontinue work on such application within one working day from the receipt of said request, except that the Department may continue to process an application involving the violation of a County ordinance.

The Director of Planning & Development Services shall not authorize the refund of any building fee paid except upon written application filed by the original applicant, received not later than one year after the date of fee payment.

Fee refunds of \$25,000 or more must receive Board of Supervisor approval prior to payment.

Final permits and/or documents shall not be issued until all required fees/deposits are paid in full.

The Director of Planning & Development Services may authorize the full refund of any fee paid hereunder which is erroneously collected by the County.

Refund of fees described in subsection (b) of this section shall be made in accordance with San Diego County Code Section 91.1.109.6.

(f) DEPARTMENT OF PLANNING & DEVELOPMENT SERVICES BUILDING COMMITTED FUND BALANCE

1. **PURPOSE.** The County of San Diego may charge fees to cover the costs of building; provided such fees do not exceed the estimated reasonable cost of the services for which the fees are charged. The Building Reserve Designation was established by the resolution of the Board of Supervisors on June 27, 1995. In 2009, Governmental Accounting Standards Board 54 resulted in a change in name from Reserve Designation to Committed Fund Balance. The purpose of the Building Committed Fund Balance ("Committed Fund Balance") is to stabilize the revenue base of the Building Program within the Department of Planning & Development Services.

2. **ESTABLISHMENT OF THE RESERVE DESIGNATION COMMITTED FUND BALANCE.** There is hereby established the Department of Planning & Development Services Building Committed Fund Balance into which shall be deposited all fees in excess of the actual cost required to provide services by the Department of Planning & Development Services in the Building Program. Moneys shall be deposited in and appropriated from the Committed Fund Balance in accordance with the provisions of this section.

3. **DEPOSITS INTO THE COMMITTED FUND BALANCE.** After the close of each fiscal year, the department shall determine the amount of fees collected and the actual full costs of providing services in the Building Program during the fiscal year and submit to the Office of Financial Planning for review. In the event the amount of fees collected exceeds the actual full costs, the Office of Financial Planning shall transfer such excess amount to the Committed Fund Balance.

4. **UTILIZATION.** The Committed Fund Balance shall be used only to offset costs in the Department of Planning & Development Services' Building Program. Funds in the Committed Fund Balance shall be appropriated only when it is estimated reasonably that actual full costs

will exceed fees to be charged for services in the Building Program. The Chief Administrative Officer shall report to the Board of Supervisors on the need to appropriate any funds from the Committed Fund Balance prior to any appropriation by the Board of Supervisors. Building fees will be reviewed annually to ensure compliance with Board Policy B-29, "Fees, Grants, Revenue Contracts, Department Responsibility for Cost Recovery."

5. PUBLIC MEETINGS. All issues related to the Committed Fund Balance shall be considered by the Board of Supervisors in a regularly scheduled meeting. Notice of the time and place of the meeting shall be mailed at least fourteen (14) days prior to the meeting to any party who files a written request with the Clerk of the Board of Supervisors for such mailed notice.
