

CITY OF TROY, Illinois

Resolution No. 2025-26

A RESOLUTION OF THE CITY OF TROY ADOPTING THE
2025 MADISON COUNTY MULTI-JURISDICTIONAL
ALL HAZARDS MITIGATION PLAN

WHEREAS the City of Troy recognizes the threat that natural and man-made hazards, including severe thunderstorms, severe winter storms, floods, and tornadoes among others, pose to people and property within The City of Troy; and

WHEREAS the City of Troy has prepared an all hazards mitigation plan, hereby known as the 2025 Madison County Multi-Jurisdictional All Hazards Mitigation Plan in accordance with federal laws, including the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended; the National Flood Insurance Act of 1968, and the National Dam Safety Program Act, as amended; and

WHEREAS the 2025 Madison County Multi-Jurisdictional All Hazards Mitigation Plan identifies mitigation goals and actions to reduce or eliminate long-term risk to people and property in City of Troy from the impacts of future hazards and disasters; and

WHEREAS adoption by the City of Troy demonstrates its commitment to hazard mitigation and achieving the goals outlines in the 2025 Madison County Multi-Jurisdictional All Hazards Mitigation Plan.

NOW THEREFORE, BE IT RESOLVED BY THE CITY OF TROY, ILLINOIS, THAT:

The CITY OF TROY COUNCIL adopts the 2025 Madison County Multi-Jurisdictional All Hazards Mitigation Plan and agrees to participate in the annual maintenance and evaluation of the Plan.

ADOPTED by a vote of 8 in favor and 0 against, and 0 abstaining, this 2nd day of SEPTEMBER, 2025.

David Nonn
Mayor, City of Troy, Illinois

ATTESTED by

Kimberly Thomas
City Clerk - Troy, Illinois

Hazard Mitigation Plan Adoption

The County's Hazard Mitigation Plan (HMP) evaluates damage to life and property from natural hazards that have impacted the County and participating jurisdictions and identifies projects and activities to reduce these damages *before* an event occurs. The HMP fulfills federal planning requirements of the Stafford Act as amended by the Disaster Mitigation Act of 2000 and the Disaster Recovery and Reform Act.

The main benefit of updating the HMP is that the participating jurisdictions can become eligible to apply for and receive federal hazard mitigation funds to implement the mitigation actions identified in the Plan. In order to access certain types of non-emergency disaster assistance, jurisdictions must be a participant of a current, FEMA-approved hazard mitigation plan.

The final step in the update process is having each of the participating jurisdictions adopt the Plan by formal resolution. This is a FEMA requirement to access hazard mitigation funds. These funds, made available through FEMA's Hazard Mitigation Assistance grant program, can help provide local government entities with the opportunity to complete mitigation projects that would not otherwise be financially possible.

Once the adoption resolutions from the participants are received, they will be submitted to FEMA who will issue the final Approval Letter, which begins the five-year approval period and sets the expiration date for the HMP. HMPs must be reviewed, revised, and resubmitted to the Illinois Emergency Management Agency and Office of Homeland Security (IEMA-OHS) and FEMA at least once every five years to remain current and effective.

Any jurisdiction that chooses not to adopt the Plan will not be eligible to apply for mitigation assistance funding; however, the decision not to adopt the HMP will not affect the eligibility of those who do.

The heart of the HMP is the ***mitigation strategy, which contains a list of the projects and activities developed by each participating jurisdiction to reduce the potential loss of life and property damage*** that results from the hazards identified in the risk assessment section of the Plan. ***Adoption of the Plan does not obligate your jurisdiction to fund or complete the projects and activities identified for your jurisdiction in the HMP. This is a wish list*** of what your jurisdiction would like to see accomplished *if* funding becomes available.

In short there is no downside to adopting the HMP. It ensures your jurisdiction is eligible to apply for mitigation project funding through IEMA-OHS/FEMA in the future, but does not obligate your jurisdiction to fund or complete the projects and activities listed if funding isn't available.
