

CITY OF BEDFORD, OHIO

ORDINANCE NO. 013-25

AN ORDINANCE AUTHORIZING THE CITY MANAGER TO ENTER INTO A CONTRACT WITH **KLUMM BROTHERS** FOR THE REMOVAL OF VEGETATION AND TREES AT THE ROCKSIDE ROAD AND BARTLETT ROAD DETENTION BASIN AND DECLARING AN EMERGENCY

WHEREAS, the City of Bedford recommends Klumm Brothers remove the vegetation and trees at the city-owned detention basin located at the corner of Rockside Rd. and Bartlett Rd., and

WHEREAS, Klumm Brothers provided the lowest price for said project.

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Bedford, County of Cuyahoga, and the State of Ohio:

Section 1. The Council for the City of Bedford hereby authorizes the City Manager to enter into a contract with **Klumm Brothers** for the removal of vegetation and trees at the Rockside Road and Bartlett Road Detention Basin for the total amount of **Seventy-Three Thousand Two Hundred Fifty Dollars and Zero Cents (\$73,250.00)**.

Section 2. The Council of the City of Bedford hereby authorizes the Finance Director to appropriate and pay the sum of **Seventy-Three Thousand Two Hundred Fifty Dollars and Zero Cents (\$73,250.00)** from **Capital Improvements Fund No. 403** to **Klumm Brothers**.

Section 3. That actions of this Council concerning and relating to the passage of this legislation were adopted in an open meeting of this Council and that all deliberations of this Council and of any of its committees that resulted in such formal action were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code.

Section 4. This Ordinance is declared to be an emergency measure immediately necessary for the public peace, health, safety, and welfare and for the further reason that it is necessary to be completed prior to new construction taking place.

WHEREFORE, this Ordinance shall take effect and be in force from and after the earliest date allowed by law.

RE: Bartlette & Rockside Detention Basin

Joe

Thank you for the opportunity to provide pricing for this project. Thru emails, phone conversations, and a site visit, Mr. Excavator understands the scope of work to be as follows.

- Mobilize to the project one time
- Starting at the top of the basin, grub the existing vegetation with an excavator and pile it on top.
- After an area is grubbed, the excavator can then sit in this area and continue to grub, working its way across the basin.
- A second excavator can be in grubbed areas as well casting material to the top where a bulldozer can stack the material.
- The material will be stacked in a few neat piles around the perimeter of the basin
- Grubbed material will be hauled out by others
- There are no elevation changes that will be made in the basin, the area disturbed will be rough graded upon our completion
- Mulching and seeding is not included.
- Erosion control is included in form of a silt sock on both sides of the channel and protection of the outlet structure
- Permits are not included
- Restoration of any kind is not included
- If any trash is found, it will be segregated in a separate pile to be disposed of by others.
- There are trees within this basin, these trees will be removed. Any trees that can go through a chipper will and the chips will be mixed into the piles of grubbed materials. Logs will be removed.
- We understand we have access to the site from the existing apron on Rockside.

Total proposed price \$57,000

Respectfully submitted,

Brandon W. Flesher
