~~§ 2.10 APPLICANTS TO BE HEARD.~~

~~—(a) The hearing examiner shall hear variance applications, except as provided under subsection (b) of this section, where:~~

ARTICLE V: CITY BOARDS AND COMMISSIONS

DIVISION G: PLANNING COMMISSION

§ 2.85.04 ZONING VARIANCES.

(a) *Purpose.* Zoning variances provide a means to approve deviation from zoning requirements where practical difficulties exist because of conditions or circumstances unique to an individual property. The purpose of this section is to establish the procedures for requesting and the requirements for issuing a zoning variance.

(b) *Authority.* The Planning Commission~~[City Council]~~ shall serve as the board of appeals and adjustments pursuant to the provisions of Minnesota Statutes, §§ 462.354, subd. 2; 462.357, subd. 6; and 462.359, subd. 4, as they may be amended from time to time.

(c) *Where required.* Prior to any City approval of an application that does not meet the standards of Chapters 19 or 21 of the city code, the Planning Commission, or the City Council in the case of an appeal, must approve a zoning variance unless the city code provides an alternative means of deviation.

(d) *Initiation.* A variance application must be initiated by the owner of land upon which a variance is proposed. If originally denied, a variance application for the same item may not be resubmitted until one (1) year after the original denial.

(e) *Review, approval, and appeal of Planning Commission decision.* Zoning variances must be acted upon by the Planning Commission~~[City Council]~~. If the Planning Commission action results in a tie vote, or if the approval or denial action is not consistent with the staff recommendation, the variance application is automatically sent to the City Council for final action. The Planning Commission must hold a public hearing ~~and offer a recommendation on all zoning variances except those that qualify for hearing examiner review under § 2.10 of the city code~~. The applicant or a member of the public may appeal the decision of the Planning Commission to the City Council by submitting an appeal request with supporting materials within three business days of the Planning Commission decision. The appellant will be given the opportunity to present their case in front of the City Council. If the variance application is related to an associated rezoning, Comprehensive Plan amendment, or other application that requires City Council action, the City Council must act on the variance application. When the City Council must act on a variance application, the Planning Commission must make a recommendation.

(f) *Conditions of approval.* The entity empowered to take action on a given variance application~~[City Council]~~ may impose conditions in the granting of a variance. A condition must be ~~[directly]~~related to and must bear a rough proportionality to the impact created by the variance.

(h) If one or more required findings for the approval of variance applications under subsection (g) is for any reason held invalid, such invalidation shall cause § 2.85.04(g) as a whole to be invalid until amended. The Planning Commission and City Council declare[s] that, if one or more~~[of its]~~ variance criteria are found to be invalid, it would have adopted the standard or requirement from which a variance was sought without causing variances to become easier to obtain.

§ 2.85.05 INTERPRETATION OF ZONING, PLATTING, PLANS, AND SUBDIVISION PROVISIONS.

(c) *Review, approval, and appeal of Planning Commission decision.* Interpretation appeals must be acted upon~~[reviewed]~~ by the Planning Commission ~~and acted upon by the City Council~~. If the Planning Commission action results in a tie vote, or if the interpretation appeal action is not consistent with the staff recommendation, the interpretation appeal is automatically sent to the City Council for final action. The applicant may appeal the decision of the Planning Commission to the City Council by submitting an appeal request with supporting materials within three business days of the Planning Commission decision. The appellant will be given the opportunity to present their case in front of the City Council.

Section 2. That Chapter 15 of the City Code is hereby amended by deleting those words that are contained in brackets [] with ~~striketrough~~ text and adding those words that are underlined, to read as follows:

(2) The issuing authority shall promptly forward its findings and recommendations to the next available [~~City Council~~]Planning Commission meeting for [~~final~~]action by the [~~City Council~~]Planning Commission at a public hearing.

(3) Appeal of Planning Commission decision. The applicant or a member of the public may appeal the decision of the Planning Commission to the City Council by submitting an appeal request with supporting materials within three business days of the decision. ARTICLE III: DEVELOPMENT STANDARDS
DIVISION A: GENERAL STANDARDS

§ 21.301.25 MURALS.

(b) *Permit required.*

(5) *Appeals.* The mural permit applicant may appeal a mural permit decision in writing to the Planning Manager within ten days of the decision. The Planning Commission~~[City Council]~~ will review and act upon appeals of mural permit decisions at a public meeting. The appellant will be given the opportunity to present their case in front of the Planning Commission. Following the Planning Commission decision on an appeal request, the applicant may appeal the Planning Commission decision to the City Council by submitting an appeals request and any supporting materials within three business days of the decision. The appellant will be given the opportunity to present their case in front of the City Council. The required fee for an appeal to a mural permit decision is established in Appendix A to this city code.

DIVISION B: USE STANDARDS

§ 21.302.03 ACCESSORY DWELLING UNITS.

(d) ~~*Reserved*[Approval process. Accessory dwelling units must receive administrative final site and building plan approval prior to issuance of a building permit].~~

(e) *Temporary family health care dwellings.* Pursuant to the authority granted by M.S. § 462.3593, subd. 9, as it may be amended from time to time, the city opts-out of the requirements of M.S. § 462.3593, which defines and regulates temporary family health care dwellings.

§ 21.302.04 TWO-FAMILY DWELLINGS.

(b) ~~Reserved~~[~~Review and approval.~~ Two-family dwellings must receive either final site and building plan approval or final development plan approval prior to issuance of a building permit. Because groupings of two-family dwellings have higher levels of neighborhood impact than stand alone, infill two-family dwellings, approval of groupings of two-family dwellings warrants a higher level of review and discretion. Plans for groupings of two-family dwellings may only be approved when a conditional use permit has first been approved by the Planning Commission. Two-family dwellings qualify as a grouping when the parcel on which a two-family dwelling is proposed within 500 feet of a parcel occupied by an existing or proposed two-family dwelling, measured along existing or proposed public streets].

(c) *Standards.*

§ 21.302.19 RESTAURANTS AND CATERING BUSINESSES.

(d) *Outdoor dining.*

(6) *Noise.*

(A) Outdoor dining areas must comply with the noise source requirements of § 10.29.02.

(B) Mitigation. A noise mitigation plan must be provided for all new or expanded outdoor dining areas with more than 16 seats when the new or expanded area is located within 250 feet of a site that is both used residentially and is either zoned or guided for residential use. The noise mitigation plan must be reviewed and approved by the Planning Manager prior to issuance of a building permit or certificate of occupancy for instances when no permit is required.

DIVISION D: SIGN REGULATIONS

§ 21.304.24 SIGN VARIANCES.

(b) *Authority.* The Planning Commission[~~City Council~~] shall serve as the board of appeals and adjustments pursuant to the provisions of M.S. §§ 462.354, subd. 2; 462.357, subd. 6; and 462.359, subd. 4, as they may be amended from time to time.

(d) *Where required.* Prior to any city approval of a sign permit application that does not meet the standards of the city code, the Planning Commission, or City Council in the

case of an appeal, must approve a sign variance unless the city code provides an alternate means of deviation.

(e) *Initiation*. A sign variance application must be initiated by the owner of land upon which a variance is proposed or by the issuing authority. If originally denied, a sign variance application for the same item may not be resubmitted until one year after the original denial.

(f) *Review, approval, and appeal of Planning Commission decision*. Sign variances must be acted upon by the Planning Commission~~[City Council]~~. If the Planning Commission action results in a tie vote, or if the approval or denial action is not consistent with the staff recommendation, the sign variance application is automatically sent to the City Council for final action. The Planning Commission must hold a public hearing~~[and offer a recommendation on all sign variances]~~. The applicant or a member of the public may appeal the decision of the Planning Commission to the City Council by submitting an appeals request with supporting materials within three business days of the decision. The appellants will be given the opportunity to present their case in front of the City Council.

(g) *Conditions of approval*. The Planning Commission, or City Council in the case of an appeal, may impose conditions in the granting of a sign variance. A condition must be directly related to and must bear a rough proportionality to the impact created by the sign variance.

ARTICLE V: ADMINISTRATION AND NONCONFORMITY

DIVISION A: APPROVALS AND PERMITS

§ 21.501.01 FINAL SITE AND BUILDING PLANS.

(b) *Where required*. ~~[Except where final development plans have been approved (see city code § 21.501.03), f]~~ Final site and building plan approval is required in all zoning districts prior to the issuance of any permit for a new building, building addition, parking lot expansion or site characteristic modification with the following exceptions:

(1) Where final development plans have been approved (see § 21.501.03); and

~~[(1)]~~ Single-family detached dwellings, accessory dwelling units, two-family dwellings, and their accessory buildings and site characteristics, including garages, do not require final site and building plan approval; and

~~[(2) Accessory buildings and site characteristics, including garages, for two-family dwellings do not require final site and building plan approval.]~~

(c) *Review, ~~and~~ approval, and appeals*.

(1) The Planning Manager will review and act upon the following types of final site and building plan applications, unless the Planning Manager determines the application

should be heard by the Planning Commission due to potential environmental or land use impacts. In such cases, the notice and hearing procedures of subsection (c)(3) shall apply. ~~In the event that a final site and building plan application is denied by the Planning Manager, the applicant may appeal the decision to the City Council by submitting an appeals request with supporting materials within three business days of the decision]:~~

(2) Appeal of Planning Manager decision. In the event that a final site and building plan application is denied by the Planning Manager, the applicant may appeal the decision to the Planning Commission by submitting an appeal request with supporting materials within three business days of the decision.

~~[(2)3] The Planning Commission will review and act upon all other types of final site and building plan applications except as discussed in subsection (c)(~~[3]~~4) below. The applicant or a member of the public may appeal the decision of the Planning Commission to the City Council by submitting an appeals request with supporting materials within three business days of the decision. If the Planning Commission action results in a tie vote, or if the approval or denial action is not consistent with the staff recommendation, the final site and building plan application is automatically sent to the City Council for final action.~~

~~[(3)4] The Planning Commission will review and make a recommendation and the City Council will review and act upon any final site and building plan applications related to an associated [~~conditional use permit, interim use permit, variance,~~]rezoning, [~~or~~~~

The appellant will be given the opportunity to present their case in front of the City Council.]~~

(56) The entity empowered to take action on a given final site and building plan application has the authority to attach conditions of approval to that application.

§ 21.501.03 FINAL DEVELOPMENT PLANS.

(c) Review, ~~and~~ approval, and appeals. Final development plans must be reviewed and acted upon as follows:

(1) New final development plans and major revisions to previously approved final development plans with requested flexibility as specified in § 19.38.01(c) must be reviewed by the Planning Commission and acted upon by the City Council, which has the authority to attach conditions of approval[-];

(2) Major revisions to previously approved final development plans without requested flexibility as specified in § 19.38.01(c) must be reviewed and acted upon by the Planning Commission, which has the authority to attach conditions of approval. The applicant or a member of the public may appeal the decision of the Planning Commission to the City Council by submitting an appeal request with supporting materials within three business days of the decision. The appellant will be given the opportunity to present their case in front of the City Council. If the Planning Commission action results in a tie vote, or if the approval or denial action is not consistent with the staff recommendation, the application is automatically sent to the City Council for final action. If the final development plans application is related to an associated rezoning or Comprehensive Plan amendment application, the City Council must act on the final development plans application; and

(3) Minor revisions to previously approved final development plans will be reviewed and acted upon by the Planning Manager, unless the Planning Manager determines the application should be heard by the Planning Commission due to potential environmental or land use impacts. In such cases, the notice and hearing procedures of subsection (c)(2) shall apply. When the Planning Manager does act on an application, ~~who~~ they have[s] the authority to attach conditions of approval. In the event that an application for a minor revision to a final development plan is denied by the Planning Manager, the applicant may appeal the decision to the ~~[City Council]~~Planning Commission by submitting an appeal[s] request, fee, and any supporting materials within three business days of the decision. The appellant will be given the opportunity to present their case in front of the Planning Commission. Council by submitting an appeals request and any supporting materials within three business days of the decision. The appellant will be given the opportunity to present their case in front of the City Council.

§ 21.501.04 CONDITIONAL USE PERMITS.

(d) *Review and approval.* Conditional use permit applications must be reviewed and acted upon by the Planning Commission ~~[-, except for the uses listed in subsection (d)(1) below, which must be reviewed by the Planning Commission and acted upon by the City Council].~~ If the Planning Commission action results in a tie vote, or if the approval or denial action is not consistent with the staff recommendation, the conditional use permit application is automatically sent to the City Council for ~~[their]~~ final action. If the conditional use permit application is related to an associated rezoning, Comprehensive Plan amendment, or other application that requires City Council action, the City Council must act on the application.

~~[(1) *City Council review.* Because of higher potential to negatively impact surrounding property, the following use types must be reviewed by the Planning Commission and acted upon by the City Council when a conditional use permit is required by the underlying zoning district.~~

If the interim use permit application is related to an associated rezoning, Comprehensive Plan amendment, or other application that requires City Council action, the City Council must act on the application.

~~[(1) City Council review. Because of higher potential to negatively impact surrounding property, the following use types must be reviewed by the Planning Commission and acted upon by the City Council when an interim use permit is required by the underlying zoning district:~~

- ~~— (A) Open storage; and~~
- ~~— (B) Remote airport parking.]~~

~~[(2)1] Appeal of Planning Commission decision.~~ The applicant or a member of the public may appeal the decision of the Planning Commission to the City Council by submitting an appeal[s] request with supporting materials within three business days of the decision. (A) The expiration date established by the Planning Commission or City Council at the time of approval, but in no event more than five years from the date of approval;

(h) *Standards.*

(1) *Term.* The term of an interim use permit must not exceed five years.

(2) *Re-application.* Because of its temporary nature, an interim use permit is not subject to renewal, but upon re-application for a time extension of the same use on the same site beyond the date of expiration of its interim use permit, succeeding interim use permits may be approved for up to five years each if the Planning Commission or City Council makes the findings set forth in subsection (e) above in the affirmative and also finds that all previous conditions of approval have been satisfied and that the use meets all code requirements or has received appropriate variances from those requirements.

§ 21.501.13 NEIGHBORHOOD UNIT DEVELOPMENTS.

(d) *Procedures.*

(2) *Application content.* Applications for an amendment to a Neighborhood Unit Development must consist of an application for a conditional use permit and revised final site plan for a Neighborhood Unit Development. If the amendment requires platting, a concurrent application for a preliminary plat in accordance with the requirements of Chapter 22 of this code is required. The preliminary plat, together with the documents required by this Section, constitute the final site plan. The final site plan approved by the City Council will be the document controlling those aspects of site development regulated by this section.

~~[(A) *Conditional use.* See § 21.501.04 for applicable regulations.]~~

~~[(B) *Final site plan.* In addition to documents required by Chapter 22 for application for approval of preliminary plats, the applicant must submit final site plans which include the following:~~

DIVISION H: GENERAL PROVISIONS

§ 21.507.03 REASONABLE ACCOMMODATION

(a) Purpose. The City has a legitimate interest in imposing regulations to protect the public health, safety, and general welfare. However, these regulations may not be applied in a manner that denies reasonable accommodation as required by the Americans with Disabilities Act and the Federal Fair Housing Amendments Act of 1988. It is the policy of the City to provide reasonable accommodation for persons with disabilities seeking fair and equal access to housing in compliance with federal law. Reasonable accommodation means granting a modification or waiver of city regulations or policies to an individual with a disability, or to a developer of housing for an individual with a disability, when necessary to eliminate barriers to housing opportunities as required by law. The process for making and acting upon requests for reasonable accommodation is set forth in this section.

(b) Initiation. A person may request the modification or waiver of city regulations or policies by submitting a request in writing to the Planning Manager or through the City’s reasonable accommodation form for people with disabilities. For the purposes of this section, "person" includes an individual with a disability, his or her representative, or, with respect to housing, a developer or provider of housing for an individual with a disability. The application must include a detailed explanation of why the modification or waiver is reasonably necessary for the person with a disability to have an equal opportunity to use or enjoy housing. If the request relates to a matter requiring specific review or approval by the City, then the applicant must file the request for reasonable accommodation concurrently with the application seeking the review or approval. When the data requested by the application seeking review or approval qualifies as protected data under state or federal data laws, the City Manager may waive the concurrent filing of the otherwise required application.

(c) Review. The Planning Manager, in consultation with the City’s Americans with Disabilities Act Coordinator and City Attorney, has the authority to consider and act on requests for reasonable accommodation, except that requests associated with another city review or approval must be considered and decided prior to approval of a reasonable accommodation. A reasonable accommodation final decision will be made within the time established by M.S. § 15.99, as it may be amended from time to time. A reasonable accommodation decision must be in writing and may include the imposition of reasonable conditions. In making a decision, the following factors must be considered:

(1) Whether there is a qualifying disability;

(2) Whether the request is needed to allow a person with a disability equal opportunity to use and enjoy a dwelling or live in a particular neighborhood, in the same manner as a person without disabilities;

(3) Whether the request is reasonable, considering such things as undue financial impact or unreasonable administrative burden on city resources, the potential impact on surrounding uses, the extent to which the accommodation meets the stated need, and other alternatives that may meet that need;

(4) Whether the request would constitute a fundamental alteration of the city's regulations, policies, or procedures; and

(5) Any other factor that may have a bearing on the request.

(d) *Decision.* The Planning Manager's written decision, including notice of the right to appeal, must be mailed to the applicant and, if it impacts land use or zoning, to the owners of all properties that immediately abut the property that is the subject of the request and are potentially impacted by the reasonable accommodation as determined by the Issuing Authority. An aggrieved party may appeal the Planning Manager's decision to the City Council by submitting a written appeal request to the Planning Manager within ten days after the decision was mailed to that party. Unless properly appealed, the Planning Manager's decision is the final decision of the City. If appealed, the decision of the City Council is final. Only the aggrieved applicant and property owners who received notice of the written determination have a right to appeal.

(e) *Applicability.*

(1) An approved request is granted only to an individual and, if related to land use, zoning, or real property, does not run with the land. If the request relates to land use, zoning or use of real property, the Planning Manager has the discretion to determine the accommodation runs with the land when:

(A) The accommodation is physically integrated into the residential structure and cannot easily be removed or altered; or

(B) The accommodation is to be used by another individual with a disability.

(2) In these instances, the Planning Manager may require that the applicant record a covenant agreeing to comply with conditions established in the determination before the issuance of any permits related to an approved reasonable accommodation.

(3) *Fees.* There will be no fee imposed in connection with a request for reasonable accommodation or an appeal of a decision made pursuant to the provisions of this section.

Section 5. That Appendix A of the City Code is hereby amended by deleting those words that are contained in brackets [] with ~~strike~~through text and adding those words that are underlined, to read as follows:
