- (2) Large tree shall mean any tree species which normally attains a height in excess of fifty (50) feet at maturity.
- (3) Medium tree shall mean any tree species which normally attains a height between fifteen (15) feet and fifty (50) feet at maturity.

- (4) Small tree shall mean any tree species which normally attains a height between ten (10) feet and fifteen (15) feet at maturity.
- (5) Person shall mean any person, corporation, partnership, company, contracting firm or other entity, including those employed under a contract with the urban county government.

- (7) Hazardous tree shall mean any street tree that is dead, diseased, or insect infested such that it poses a health threat to neighboring trees or creates a threat to the public safety or to property.

Section 2 – That Section 17B-2 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 17B-2. - Tree planting.

- (a) Any person may plant a tree within the urban county government right-of-way immediately adjacent to their property upon obtaining a permit from the division of environmental services.
- (b) The permit shall be granted providing the following conditions are met:
 - (1) The tree to be planted is not an unacceptable tree species, as provided in section 17B-10 of this chapter.
 - (2) The recommended spacing between this and other trees is forty-five (45) feet (large tree), thirty-five (35) feet (medium tree), and twenty-five (25) feet (small tree).
 - (3) The minimum size of the planting area complies with the requirements of Article 6-10 of the Land Subdivision Regulations.
 - (4) If installed between the sidewalk and the street, the tree location is to be at least seventy-five (75) feet in advance of stop or yield signs, twenty-five (25) feet in advance of any other standard regulatory or warning signs, and ten (10) feet from fire hydrants or utility poles.

- (5) Only small trees shall be permitted for planting in areas where overhead utility wires are located or where utility easements for overhead utility wires have been dedicated.
 - (6) The property owner shall call Kentucky 811 to locate utilities and check proposed planting sites for compliance with requirements relating to utilities, obstructions and potential interference with future construction, including but not limited to compliance with KRS 367.4901 et seq.
 - (7) The property owner shall maintain the tree after the tree is planted. Maintenance shall include watering, pruning, removal of dead or diseased limbs and insect control, as necessary. The property owner also shall be responsible for any damage to existing utilities caused by the tree installation.
- (c) The division of environmental services may waive any of the conditions in granting a permit where such action would promote the preservation of the health, integrity or appearance of an area's tree population. Further, where such action would promote the public welfare, the urban forester or his designee may condition the granting of a permit upon the applicant's agreement to plant only a certain species of tree.
- (d) The division of environmental services may deny a permit although all conditions have been met, but only for just cause based on circumstances unique to the property affected which would create a threat to public welfare and/or safety if the proposed planting were permitted.
- (e) The decision of the division of environmental services shall be made within fourteen (14) days after an application is filed. Failure to issue such decision within said time period shall have the same effect as approval of the application.

Sec. 17B-3. - Tree removal.

- (c) The division of environmental services may issue permits for the removal of live trees only in special circumstances. Instances where a permit for the removal of a live tree may be issued include, but are not limited to, the following:
 - (1) The tree is a threat to the public safety;
 - (2) The tree is a threat to the health of other trees in the community; or
 - (3) The tree is to be replaced by a more desirable tree.
- (d) If the division of environmental services determines that a street tree is a hazardous tree, he can order the property owner to remove the hazardous tree in a timely manner, as determined by the division of environmental services at the property owner's expense.
- (e) The division of environmental services can order the property owner to remove any street tree planted without a permit, or in violation of permit conditions.
- (f) Nothing contained in this chapter is intended to infringe on the authority of the urban county engineer, pursuant to KRS 179.070, to remove trees from the right-of-way of any publicly dedicated road when the trees become a hazard to traffic.
- (g) Except as provided in subsection (e) above, any person who removes a tree within the urban county government right-of-way shall replace the removed tree in accordance with the requirements set forth in section 17B-2(b). This requirement may be waived by the division of environmental services where replacement would be inappropriate under the standards set forth in section 17B-2(b).

Section 4 – That Section 17B-4 of the Code of Ordinances be and hereby is amended to read as follows:

Sec. 17B-4. - Abuse or damage of street trees.

Sec. 17B-12. - Violation.

Any violation of this chapter may be enforced through the issuance of a civil citation. Such civil citations shall be construed to provide an additional or supplemental means of obtaining compliance with this chapter. All citations issued pursuant to this chapter shall be issued by the citation officers authorized to issue such citations by section 14-10 of the Code of Ordinances and shall be referred to the infrastructure hearing board with the citations and the civil process to conform to Chapter 2B of the Code of Ordinances.

- (a) Prior to the issuance of the first civil citation for a violation of a section of this chapter, the urban county government shall issue a notice of violation, which shall specify a time period of at least twenty-four (24) hours for the correction of the violation. The time period specified shall not impose unrealistic requirements under prevailing weather and site conditions. If the violation is not corrected as specified in the written notice, the urban county government may issue a civil citation. A notice of violation shall precede the issuance of the first civil citation for such offense unless the violation is deemed to be a serious threat to the public health, safety and welfare; or, if in the absence of immediate action, the effects of the continuation of the violation would be irreparable or irreversible. No notice of violation shall be required prior to the issuance of a citation for any offense which occurs after the first citation is issued to a person or entity.
- (b) Appeal of the civil citation may be made to the infrastructure hearing board, as provided in sections 17B-5 and 16-76 of the Code of Ordinances.
- (c) For violations of this chapter, the civil fines associated with the issuance of a civil citation are as follows:
 - (1) Upon issuance of the first citation within any 12-month period the civil fine shall be a maximum of two hundred dollars (\$200.00).

 - (3) The civil fine imposed upon issuance of the third citation for violation of the same section of this chapter within any 12-month period shall be a maximum of four hundred fifty dollars (\$450.00).
 - (4) The civil fine imposed upon issuance of the fourth or more citation for violation of the same section of this chapter within any 12-month period shall be a maximum fine of five hundred dollars (\$500.00).
- (d) When there is reason to believe that the violation poses a serious threat to the public health, safety or welfare; or in situations where continuation of the violation would be irreparable or irreversible, the government may, without further notice, proceed to abate the conditions. In such cases, the government may, in addition to any fine imposed herein, charge the responsible person, persons or entities with the cost of the abatement, including equipment expense, disposal fee, if any, and an administrative fee of seventy-five dollars (\$75.00). The urban county government may file a lien for such abatement, in accordance with section 2B-9 of the Code of Ordinances and KRS 65.8835. Citations, if issued, shall not preclude the government from abating the conditions and billing the responsible person, persons or entities for the cost of abatement.
- (e) Nothing contained herein shall prohibit the urban county government from enforcement of this chapter by any means authorized by law.

Section 13 – That Section 16-76 of the Code of Ordinances be and hereby is amended to read as follows:

The environmental hearing board shall hear matters regarding enforcement of ordinances by the division of solid waste and shall also hear matters relating to the enforcement of section 14-105 of the Code which classifies littering as a civil offense. The boards shall operate under and be subject to the provisions of chapter 2B of the Code.
